A reminder that dogs are not allowed on the school grounds which means the whole of the school drive from the top gate. The inner gate is closed during the day but the top gate is the school boundary. Once again this week we have had problems with dog mess close to the school which is a potential hazard to our children if they walk in it. If you are a dog owner and walk this area please clean up after your dog. If you see anyone leaving a mess please report it to the Council.

At the end of the day children are not allowed sweet treats or crisps on the school grounds. I have noticed that the litter is increasing which means that children are beginning to have treats. The reason we discourage this is that it is unhealthy for the children and their teeth. We like the children to look forward to seeing you and to share their day not look forward to sweets. Also not all families can afford or want their children to have sweets everyday so it is confusing for the children. Items of fruit are permitted as this encourages healthy eating. Once you are off the school premises you are free to give your child what you please but whilst they are in the school ground I would appreciate your support.

*We are having an important visitor tomorrow that is why we had PPA today so that our visitor can see you working in your own classrooms with your teacher. She is going to be looking at your writing because I have told her what super writers you are. Reception are doing thinking writing which means that they can tell a story all by themselves.*
